

# **SAI NATH UNIVERSITY RANCHI JHARKHAND**

## **PRACTICAL LIST**

1. Determination of conductivity and turbidity.
2. Determinations of ph value.
3. Determinations of hardness and chloride.
4. Determinations of residual chlorine.
5. Determinations of B O D .
6. Determinations of optimum dose of coagulants by jar test apparatus.
7. Determinations of C O D.
- 8 . Determinations of total suspended and dissolved solids.
9. Determinations of S P M and P M 10 with high volume sampler.
10. Determinations of M P N of coliform.
